

SAVE \$\$\$\$ ON YOUR ENERGY BILLS

BY WEATHER SEALING YOUR HOME
AT NO COST TO YOU!

A typical Victorian household will lose endless amounts of their daily energy usage through leakages into their roof space via evap cooling vents and bathroom exhaust fans.

Evap cooling vent covers

Simple installation by our trained staff to prevent heat from escaping your inside living areas.

Easily removed for summer months.

Exhaust fan draught covers

Installed by a qualified electrician in the ceiling above your household exhaust fans. All year protection from energy wastage when fan is not in use.

ALL OWNER OCCUPIED AND RENTAL PROPERTIES ARE ELIGIBLE

Stop your waste NOW!!

Take advantage of these free government incentives and put money back in your pocket today.
